

Speak for The River

Elon Musk & Co have applied to discharge up to 140,000 gallons daily in the Lower Colorado River at the FM 969 bridge.

The City of Bastrop is contesting this plan and wants to connect them to the regional, municipal wastewater system.

Join your neighbors, help make it happen.

Tuesday, March 21st 7PM TCEQ Public Meeting

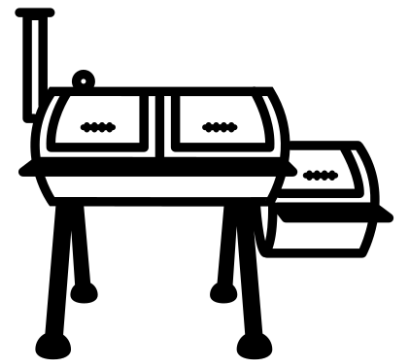

Hampton Inn, 240 South Hasler Boulevard

- Hosted by the Texas Commission on Environmental Quality
- Discuss Musk & Co's wastewater permit application
